

# GEL GR UP

**Mining and Resources  
Recruitment**

## How you Evolve for Success?

Gel Group views your company as a living system: complex networks evolving daily that thrive for growth, or stagnate from complacency. To evolve for success, your company must continually inject fresh ideas by hiring the right people. Your company's success depends on recruiting, so select the services of a progressive company, Gel Group.

## We "Speak the Language" of Mining and Resource's.

Smart companies know it pays to deal with specialists. We're specialists. Since 1995, we have continually recruited quality personnel for major corporate and government departments. We can save you time, money and aggravation in recruiting capable, enthusiastic candidates.

## Are you Interested in Saving Money?

Add advertising costs, add the time it would take you to filter through resumes, interviewing and reference checking candidates . . . is this getting expensive?

It is vital to find the best people quickly for your company. Have Gel Group present you with a timely short list, all candidates are screened and interviewed against properly scoped job specifications. The competition is fierce; can you afford not to use Gel Group?

## 3 Reasons to use Gel Group

- Effective communication is ensured with one point of contact. An energetic and dedicated Account Manager specialising in Mining and Resources, services all your recruitment needs.
- Gel Group accesses "Talent Banks", databases containing over 25,000 qualified resumes. With a keystroke, we contact the cream of Australia's elite contract and full-time professionals.
- The quality of responses to your job order increases when placed on high profile websites. This advertising service is FREE OF CHARGE and includes access to professional copywriting and design resources.

## Hassle Free Contracting Service

Forget about the demands of staff administration and use our contracting service. Gel Group manages the contractors Payroll Tax, Workers Compensation Insurance, Superannuation deductions, fortnightly wage payments and any queries relating to the role.

## Call us for a Consultation

Request a personal visit from our specialists. Corporate cultures are diverse, therefore onsite consultations are recommended for the best recruiting results. Call our Operations Manager today for a free consultation on (08) 9324 1411.

## It Now Pays to Visit your IT and Accounting and Finance Department

Look into saving money with our preferred customer package. This package is an ideal cost-effective solution for recruiting more than 2 new staff members, either in your department or in tandem with another area/department. Whether you need to hire staff in the areas of Mining and Resources, Information Technology or Accounting and Finance we can arrange the optimal hiring solution for your company.

This package also entitles you to our interview rooms to conduct your confidential human resource business.
